- Easy & fast to apply

Satisfaction Guarantee
If you are not satisfied with this product, Bobbex Inc. will refund the suggested retail price or replace with an item of equal value. Proof of purchase required.

Directions

1. Shake well before using.
2. Dilute 1 part of Bobbex Concentrate with 8 parts of water. Use 14 oz. of Bobbex Concentrate to make 1 gallon of ready-to-apply product.
3. Spray on dry plants, coating all surfaces front and back. Allow at least 6 hours to dry before watering or rain. Apply when temperature is between 35° and 85° F. Use all prepared Bobbex within 5 days of diluting.
4. This product remains effective for up to two months; however, for periods of rapid growth reapply every 10-14 days or every 2" of growth.
